

LRP Publications' HR Technology® Conference Named One of Trade Show Executive's 'Fastest 50'

Palm Beach Gardens, FL – February 10, 2014 — LRP Publications, producer of national conferences and professional research services, announced that its annual event, **HR Technology® Conference**, has earned a place on *Trade Show Executive's 'Fastest 50'*. The **HR Tech** event, focused on the business processes and organizational success enabled by HR technology, is honored in two categories: size of exhibit space based on net square feet of its exhibit hall, and number of exhibitors.

The 'Fastest 50' Class of 2014 features premier shows, such as **HR Tech**, that eclipsed all other shows in 2013 by growing dramatically in net square feet, exhibit space, exhibitors and/or attendance. The rankings were determined from certified information supplied by senior executives or private show organizers responsible for the event.

"I am so pleased to be named to this elite list of fastest growing trade shows," said Ken Kahn, President of **LRP Publications**. "We're thrilled that the HR Tech Expo has seen such explosive growth and look forward to more record-setting numbers in October later this year."

Since its inaugural event in 1998, **HR Tech** has continued to grow exponentially. The October 2013 event experienced the largest attendance in the program's history with a community of more than 8,000 HR professionals, industry experts, thought leaders and key software vendors representing dozens of countries.

"**HR Tech** is the leading event of its kind," said Kahn. "Home to the world's largest expo of HR technology products and services, this event enables every attendee to compare and contrast the latest solutions from top vendors in every category."

The 17th Annual **HR Technology® Conference & Expo**, expected to be even bigger than the 2013 event, will take place October 7 - 10, 2014 at the Mandalay Bay in Las Vegas. For additional information, visit www.lrp.com.

About ...
